Groundbreaking Ceremony for HUBER Technology, Inc. North American Headquarters

14.03.2019

HUBER Technology, Inc. will begin construction on a new facility which will serve as both the Headquarters and manufacturing center for the North American arm of the business. To be completed by the end of the year, the new facility will be able to house a growing staff as well as support a multi-million dollar manufacturing operation.

This moment begins an exciting new chapter for HUBER Technology, Inc. and the HUBER Family. Committed to the same values of quality, ingenuity and workmanship as our parent facility in Berching, Germany, HUBER Technology, Inc. North America Manufacturing will also provide well-designed, well-crafted water and wastewater solutions for the municipal and industrial sectors. The expansion includes the addition of manufacturing capabilities, bringing even quicker turnaround, more flexibility and expanded capacity to an already worldwide operation.

Groundbreaking Ceremony for HUBER Technology, Inc North American Headquarter

“The construction of our manufacturing facility comes at a time when demand for HUBER solutions has hit an all-time high across the globe, and HUBER Technology, Inc. has decided to rise to meet that challenge. Strategically positioned and poised to deliver the product on increasingly demanding deadlines, HUBER Technology, Inc. is confident that the opening of a manufacturing facility not only serves the needs of local customers but also contributes in the growth of the company as a whole,” states Henk-Jan van Ettekoven, President of HUBER Technology.

HUBER Technology staff and honorable guests attending the ceremony

Designed to not only support cutting-edge manufacturing technologies, the new Headquarters will also feature updated conference and meeting facilities to provide a higher level of support and training for our nation-wide representative network, our clients and the wider wastewater community.

The ground breaking ceremony took place on Thursday, March 14 th. Grateful for the opportunity, we are very excited to deliver the news and ready to get started on this new chapter of HUBER Technology, Inc.’s future.
